

Patient Rights and Responsibilities

This Surgery Center has adopted the following list of Rights and Responsibilities for Patients:

PATIENT RIGHTS:

- Exercise these rights without regard to sex or cultural, economic, educational, or religious background or the source of payment for his/her care.
- Treated with respect, consideration, and dignity.
- Provided with appropriate personal privacy, care in a safe setting, and free from all forms of abuse and harassment.
- Knowledge of the name of the physician who has primary responsibility for coordinating his/her care and the names and professional relationships of other physicians who will see him/her.
- Receive information from his/her physician about his illness, his/her course of treatment and his prospects for recovery in terms that he/she can understand.
- Receive as much information from his/her physician about any proposed treatment or procedure as he/she may need in order to give informed consent or to refuse this course of treatment. Except in emergencies this information shall include a description of the procedure or treatment, the medically significant risks involved in each, and to know the name of the person who will carry out the procedure or treatment.
- Actively participate in decisions regarding his/her medical care to the extent permitted by law, this includes the right to refuse treatment or change his/her primary physician.
- Disclosures and records are treated confidentially, except when required by law, patients are given the opportunity to approve or refuse their release.
- Information for the provision of after-hour and emergency care.
- Information regarding fees for service, payment policies and financial obligations.
- The right to decline participation in experimental or trial studies.
- The right to receive marketing or advertising materials that reflects the services of the Centers in a way which is not misleading.

ADVANCE DIRECTIVES

An "Advance directive" is a general term that refers to your oral and written instructions about your future medical care, in the event that you become unable to speak for yourself. Each state regulates the use of advance directives differently. There are two types of advance directives: a living will and a medical power of attorney. If you would like a copy of the official State advance directive forms, visit: <http://www.calhealth.org/Download/AdvanceDirectiveEnglish.pdf>. or http://www.calhealth.org/Download/AdvanceDirective_Spanish.pdf

OUR SURGERY CENTER'S ADVANCE DIRECTIVE POLICY:

The majority of procedures performed at the Surgery Center are considered to be of minimal risk. Of course, no surgery is without risk. You and your surgeon will have discussed the specifics of your procedure and the risks associated with your procedure, the expected recovery and the care after your surgery.

It is the policy of the Surgery Center, regardless of the contents of any advance directive or instructions from a health care surrogate or attorney in fact, that if an adverse event occurs during your treatment at the Surgery Center, the personnel at the Surgery Center will initiate resuscitative or other stabilizing measures and transfer you to an acute care hospital for further evaluation. At the acute care hospital further treatment or withdrawal of treatment measures already begun will be ordered in accordance with your wishes, advance directive, or health care power of attorney.

I received information on patient rights, patient responsibilities, physician disclosure, advance directive policy and grievance policy at least one day in advance of my surgery/procedure.
